Avid Nexis: Workspaces, Credentials and Permissions

This guide will cover user accounts, credentials, permissions, and workspaces on the avid NEXIS storage unit.

Accounts, Credentials, and Permissions

- **Username:** atv-edit
 - This account should be used by the *Post Production for Advanced Television Production Workshop* class.
 - This account has Read/Write permissions for the **AdvancedTV** Workspace.
 - Multiple atv-edit users can be simultaneously signed into the Nexis server with this account.
- **Password:** b0bcac (same as computer)
- **Username:** atv-finishing
 - This account should be used by the *Post production Finishing for Directors and Cinematographers* and *Post Production Finishing for Editors* classes.
 - This account has Read/Write permissions for the **AdvancedTV** and **PostFinishing** Workspaces. This is in the case that either one of these
