Offloading from FiLMiC Pro

Uploading from FiLMiC Pro

This document will explain how to upload your media from FiLMiC Pro using Google Drive. You will need to have **FiLMiC Pro** and **Google Drive** installed on your phone. Confirm that you are logged into your NYU gmail account in your Google Drive app to upload your media.

Saving Footage to Camera Roll and Uploading

Save to Camera Roll While Filming

It's recommended that you save all of your footage to the camera roll as you're filming. This will make it easier for you to offload all your footage when ready.

1. Click on the *Device* panel.
