ownCloud - Logging in for the First Time

Logging in for the First Time to

NYU | TISCH

ownCloud

This guide describes the process for logging into ownCloud for the first time.

Important Notes when Logging in to ownCloud

When logging into ownCloud, keep in mind the following:

- Your email password is not the same as your ownCloud password. You must set your ownCloud password separately.
- Students will receive an email at the beginning of the semester, after their first class meeting.
- Students must open that email and set a new password in order to be able to access their footage.
- *If a student has not received an email after their first class meeting, please email tisch.tv.studios@nyu.edu.*
