International Production

All International Production requires additional preparation and longer review times with Faculty, Advisers, and Insurance & Risk Management (I&RM). In some cases, NYU Global's Travel Review Committee and the outside insurance carrier will also review. **Start this process 6-8 weeks in advance and before booking travel.**

The first questions are:

- Is the current travel advisory a **Level 3** or **Level 4**?
  Check *US State Dept Website*
