Safety Handbook

The purpose of this Safety Handbook is to make all students, faculty, and staff aware of the potential risks and hazards present in the production of motion pictures, to ensure the proper safety training of all members of our film community, to provide a safe working environment, and to help prevent accidents and injuries on all student productions.

Table of Contents

What to do in case of an emergency	2
Hazardous Substances and Material Safety Data Sheets (MSDS)	10
Material Safety Data Sheets (MSDS)	11
Personal Protective Equipment	12
Weather and Time of Day Hazards	19
Water Hazards	22
Beach and Sand Hazards	23
NYU Safety Training Guidelines	40

What to do in case of an emergency

In case of an emergency, follow these steps:

1. If someone is injured, **seek immediate medical attention by CALLING 911.**
2. If the injury needs attention, but is not life threatening, seek medical attention at a hospital emergency room. If you are not sure of the seriousness of the
